Exp.: 32 Years

**Dr. Srinivas Sir**  
Exp.: 30 Years

### BOTANY

**RK Sir**  
Exp.: 30 Years

### ZOOLOGY

**Ch.K. Raju Sir**  
Exp.: 30 Years

## GETTING MEDICAL ADMISSION IS NOT AN IMPOSSIBLE TASK

### MAKING DOCTORS THROUGH 200 TESTS

### MAKING DOCTORS THROUGH 200 TESTS

### MAKING DOCTORS THROUGH 200 TESTS

Students well-equipped with knowledge are also unable to get a Medical Admission because of LACK OF :

1. Proper conceptual knowledge
2. Confidence in PHYSICS and CHEMISTRY
3. Time Management regarding complete and thorough preparation of Syllabus
4. Regular monitoring of students regarding Error Note Books and clarifying the doubts then and there itself
5. Conducting more number of daily tests, weekly tests, cumulative tests, monthly Grand tests, Full length tests etc., with proper time gap which reduces the stress levels.

Keeping in view the above pit-falls **AKSHARA** maintains a team of **Sublime** Faculty to guide and train the students in the following realms:

- 1) CUTS (117) Conceptual Understanding Tests--Conducted at the end of the day, basing on the thorough explanation given on various subjects on that particular day
- 2) WWTS (30) Work Week Tests will be conducted at the end of every week.
- 3) CWTS (20) Cumulative Weekly Tests will commence from 2nd week onwards.
- 4) MGTS (7) Monthly Grand Tests will be conducted at the end of every month.
- 5) CMGTS (6) Cumulative Monthly Grand Tests will commence from 2nd month onwards.
- 6) MTS (20) Mock Tests will be conducted in the last three months before NEET
- 7) ENB After every test a student has to write imposition in the Error Note Book -- followed by correction

Every test will be conducted only after proper class room teaching with ample Study Hours under the supervision of Senior Lecturers and Associate lecturers. After every Test, paper discussion and doubts clarification with imposition in Error Note Book are as usual.
