DIRECTORS’ PERVIEW

Efficient Director-Duo

Akshara Educational Institutions was started to give the best to each and every student. We know that thousands of students visit Hyderabad bearing a lot of dreams to become the best Engineer or the best Doctor. But, it is a question mark how many of them reach their destination with fulfilled dreams after the completion of their two years of intermediate education. Akshara believes that success of a student is related to three things

- 1) Parents’ choice of college.
- 2) Teaching provided by the college.
- 3) Students’ effort.

If a college does not provide the best teachers to all the students, success rate of the campus will be very less. Akshara does not assess the caliber of a student based only on their performance in their SSC examination. We believe that each and every student has his/her own capacity. Our responsibility is to make the students realize their innate ability/talent.

‘Competition enriches academic excellence.’

Akshara assures the best satisfaction even for those who get disappointment with their children's low performance in class X. All the students who join here are treated equally without showing any partiality.

Akshara takes all the responsibility of every child.

AKSHARA - The name speaks volumes

ACADEMICS

- Directors with more than 20 years of experience in the field of education.
- Classes are handled by the most eminent lecturers who brought the best ranks in JEE mains & Advanced, EAMCET.
- A perfect micro level schedule is followed.
- Announcement of key and clarification of doubts immediately after the completion of examination.
- Single section is maintained on each programme.
- Each section consists of not more than 50 students.
- Study hours are conducted in a peaceful atmosphere.
- Lecturers will contact parents about their ward’s performance quite often .
- Week-end test marks and daily attendance are intimated to the parents periodically.
- Information related to students’ health is communicated to the parent whenever required.
- Special counselling and interaction is done with each and every student personally to improve their academic progress.

FOOD & WATER

Hygienic and nutritious food is served. Mineral water is supplied for drinking purpose.

STUDY - CONDUCTIVE ENVIRONMENT

- Highly monitored A/C Class rooms and A/C Hostel rooms.
- Classes and Hostel facilities are in one campus only.
- Each Hostel room is allotted for 4 to 5 students only.
- Every hostel room is equipped with attached bath rooms.
- Hot water facility is provided.
- Well equipped Library is provided.
- Indoor games for Physical fitness / YOGA for mental fitness are facilitated.
- Security is maintained by the trained professionals.
- A regular Health check up is done by a qualified physician.
